People are at once much the same . . .

. . . yet altogether different.

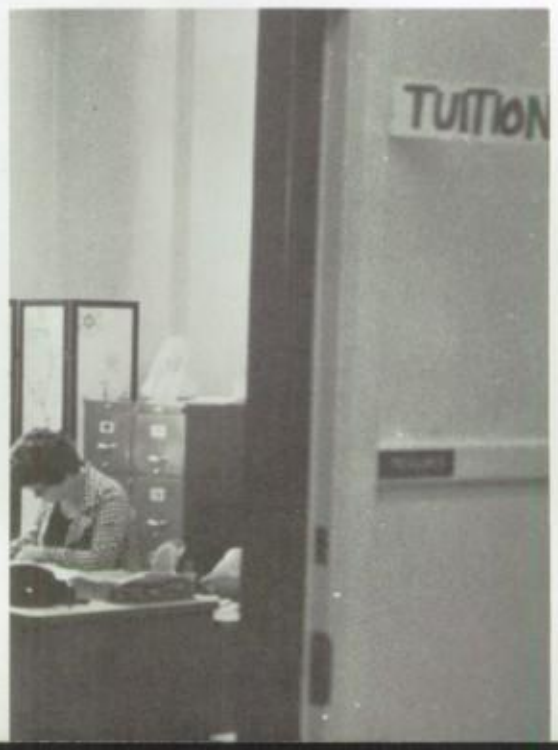
ACTIVITIES
ACTIVITIES
ACTIVITIES

Activities bring our school community together. Sports, intramurals, special luncheons, parties, carnivals, clubs, consciousness raising weeks, dances and dinners play an important part in unifying diverse individuals and in building a supportive community.

How much is it?

Tuition and fees.



But they haven't come in.

FOUNDRESS DAY

This year, for the first time, Foundress Day is a Big-Little Sister activity. The first of the year, this activity celebrates Saint Julie's founding of the Sisters of Notre Dame de Namur in 1804. How little do we remember this event.

"Where did we go wrong."

Big-Sister Little Sister Spirit

INTRAMURALS

Intramurals give students who enjoy sports an opportunity to combine their ability with those of fellow class members. Basketball and Volleyball games bring classes together to compete in spirit and to just have some good clean fun.

Freshmen vs. Seniors: Basketball Intramurals

CHRISTMAS

Christmas is a busy time of year. Some of the activities keeping us busy are the formal, with the problem of finding a date; the Christmas play, "Christmas through the Ages," involving all of the Drama students; and of course, finals. It is hectic at times, but it is always a fun season.

The Christmas Play cast presents, "The Little Matchgirl."

Ding Bat Day

Supergirl

"Little Bow peep?"

PARENTS AND DAUGHTERS

Throughout the year, dinners, dances, masses and fashion shows bring parents and their daughters together. Dad-daughter and Mother-daughter activities provide an opportunity to enjoy spending extra time with Moms and Dads, bringing parents and daughters closer together.

"Mama don't dance but Daddy DOES rock and roll!"

"Its another wonderful assembly..."

CLUBS
CLUBS
CLUBS

Clubs are made possible by those students who want to get involved in something extra. Sierra Club's co-educational backpacking trips, Block B's spirit raising luncheons and Fashion Board's enticing shows enable students to develop leadership and to enjoy personal areas of interest within the school.

FASHION BOARD LEFT TO RIGHT: Allison Jackson, Linda Martin, Mary Wakefield, Noel Nino, Diana Walsh, Lisa Schuster. BELOW: Joanne Murphy.

"Happy Birthday everyone..."

NHS-CSF: "Your guess is as good as ours."

RED CROSS BOTTOM TO TOP: Lisa Hayes, Mary Keshishian, Madeline Botto, Lezlee Inman, Shelly Stiner, Kim Blank, Kathy Nieberding, Donna Ridley, Lesley Schutz, Kathy Kawsuniak, Barbara Gilmore.

No rain, but there was snow....

BLOCK B ROW 1: Maureen Fannon, Nickey Waters, Mary Kane, Sally Fraser. ROW 2: Jayne Bleck, Noel Nino, Annette Adamis, Barbara Harrington, Teresa Sarzotti, Denise Ames, Jeanne Taggert. ROW 3: Michelle Verdone, Angela Cockrell, Teresa Le Blanc, Lezlee Inman, Silvia Herrero, Tara Eldon, Kate Stafford, Karen Tracy. ROW 8: Joanne Murphy, Barbara Gilmore, Carolyn Steil, Sheila Langrock.

Honors Geometry Class party for Sr. Jean...

LIBRARY CLUB STANDING, LEFT TO RIGHT: Felicitas Solzer, Stephanie Robinson, Mrs. Stretch, Michelle Keenan, Pam Viotti, Ann Sabatini, Desiree Miller, Kathy Kawsuniak, Carrie Borgardt, Soledad Heredia. SITTING LEFT TO RIGHT: Lynn Scholz, Ashley McCormick, Jenny Rowe, Laura Hudson, Karen Fleming.

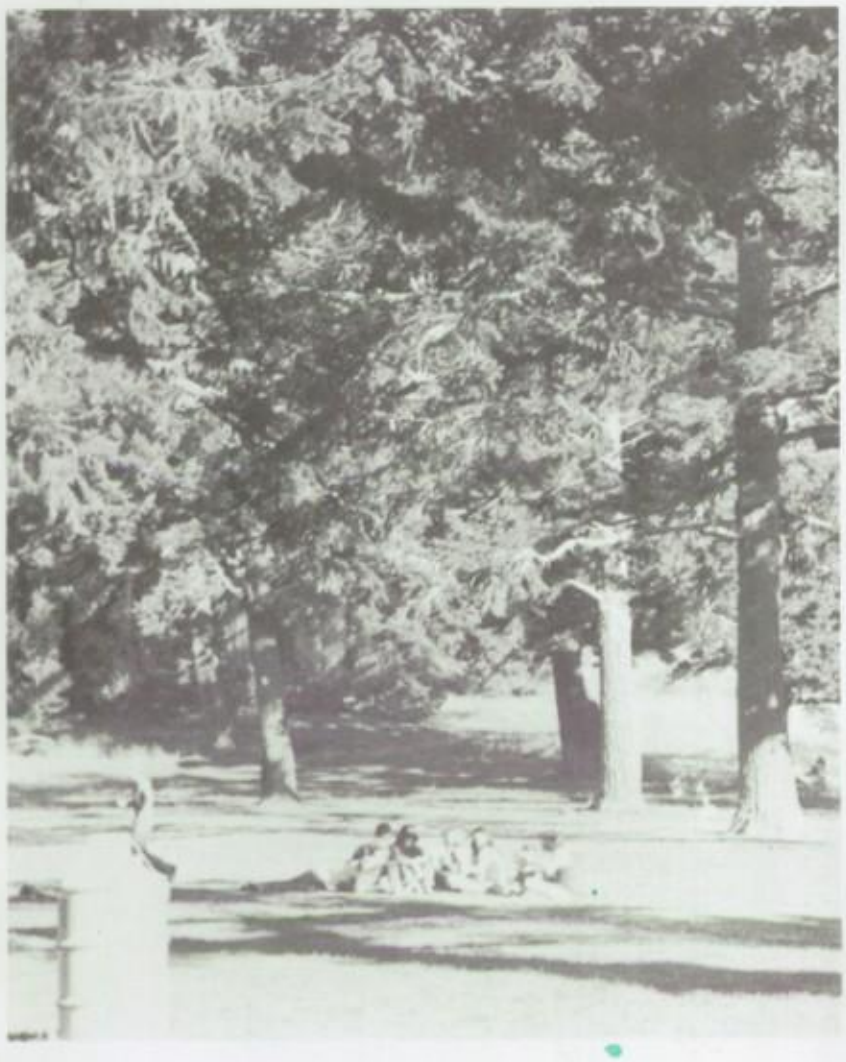
SIERRA CLUB TOP, LEFT TO RIGHT: Lynn Scholz, Karen Kessler, Deanne Bisagno, Paula Schwartz, Sally Fraser, Mary Emily McCormack, Sally Stephens, Patty Bona, Amy MacDonald, Anne Marie Rossi, Felicitas Solzer. BOTTOM, LEFT TO RIGHT: Jeanne Taggert, Mary Meuel, Cherie Zavitz, Celia Modeste, Pam Diamond, Marcella Tyler, Karen Fleming.

INTERSESSION

Intersession is a week of "quality educational experiences." Travel to Hawaii and Washington, D.C. or to San Francisco, hands on crafts from breadmaking to calligraphy, skuba courses and horse back riding are among possible choices.

Breadmaking

Crafts



Point Reyes Backpacking

Party Foods

CAREER DAY

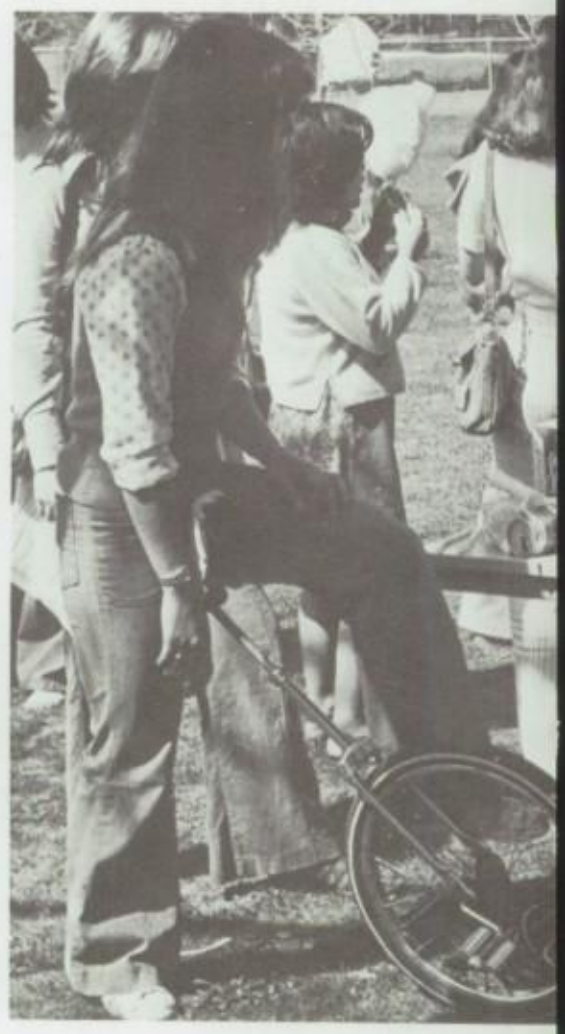
How do you move 450 students to the College of San Mateo for a Career Orientation Day? Carefully, very carefully. Tours through the campus and the presentation of varied carriers included a pass through the human physiology lab (complete with ca daver), hair cuts in the Beauty college and a generally relaxed day away from our "Normal careers" back at NDB.

Free haircuts.

General orientation meeting.

KITE BIKE DAY

A nice way to spend an afternoon on the West Lawn, classes were canceled in favor of bikes and kites and relaxing in the sun.



Faculty-Senior flag football.

We won didn't we?

BICENTEN-NIAL CARNIVAL

1776-1976! 200 years and a Bicentennial Carnival complete with cotton candy, snow cones, booths and a "stockade." Another sunny, relaxing afternoon on the West Lawn.

Junior spin art booth.

Senior mime face painting.

Finger licking good.

Touchdown? . . . or splashdown?

HUNGER WEEK

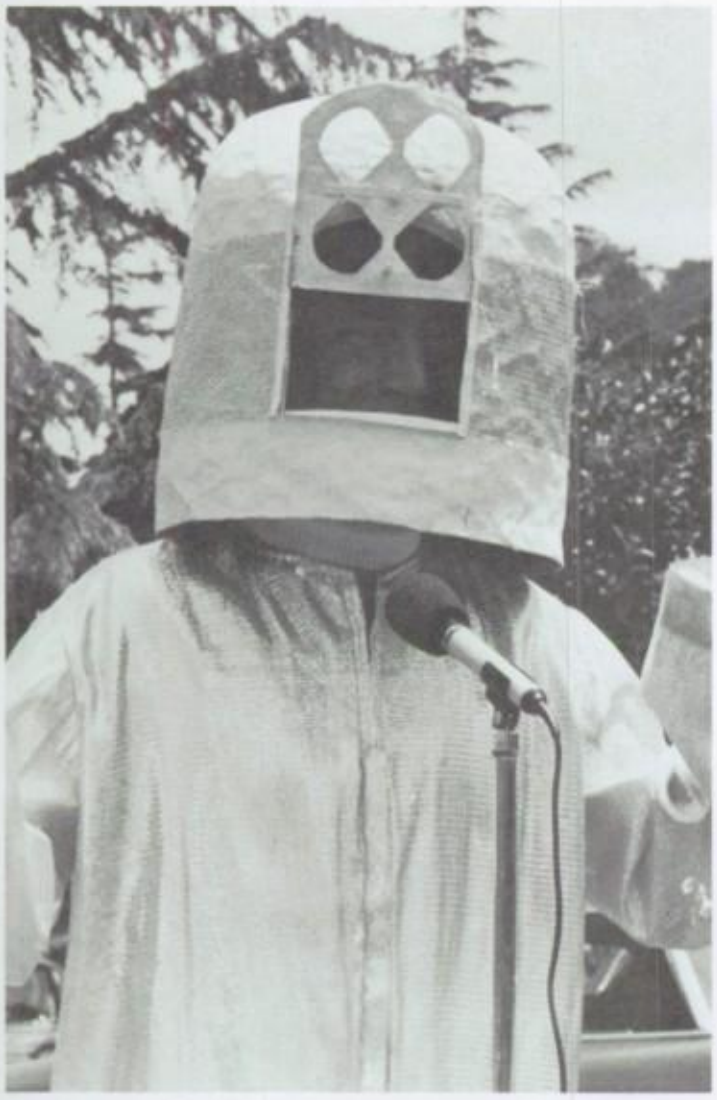
Hunger Week is a time set aside to make us aware of the world's poverty and to inform us as to how we can help. A global awareness game dividing the student body into small groups dramatically demonstrates the distribution of the world's population and resources. Personal reflection and committment to positive actions is a major emphasis this week.

The world would be better off if people tried to become better...

...and if they stopped trying to become better off.

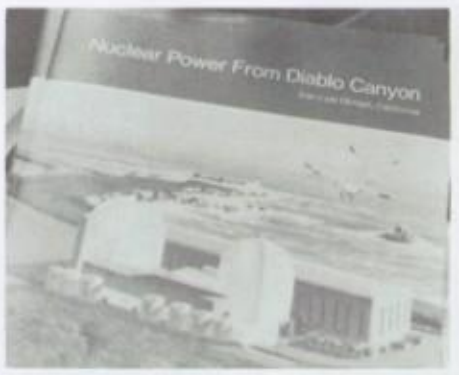
NUCLEAR WEEK

The purpose of Nuclear Week is to inform students about Proposition 15, the Nuclear Safeguards Initiative. Guest speakers presented both sides of this controverisal issue-the possible shutdown of many nuclear power plants in California, aspects of plant safety, and the development and use of nuclear power.



"Hi! I'm a nuclear power plant."

YES?



or NO?

Speakers for and against the initiative.

"And what does Uncle Sam say??"

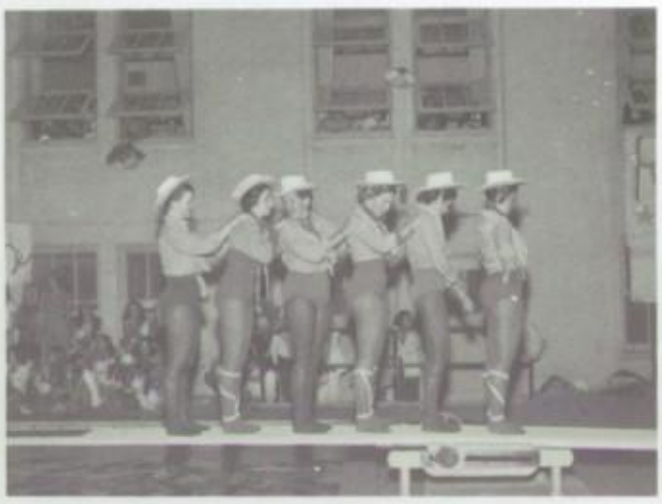
AQUACADES

Aquacades is "the event" of the school year promoting a spirit of cooperation and unity within and between classes. For about three weeks, students spend every free moment working on backdrops, wall decorations, cheerleading routines, skits, costumes, and most of all swimming. This year for the first time in the history of Notre Dame the Seniors will leave the school proudly as winners of the Spirit Award.

"Go for it Seniors!"

"Yah! Sailors!"



"Shut up and turn around."

Seniors in the South Pacific?

"Off we go into the wild blue water..."

"Annie get your gun."

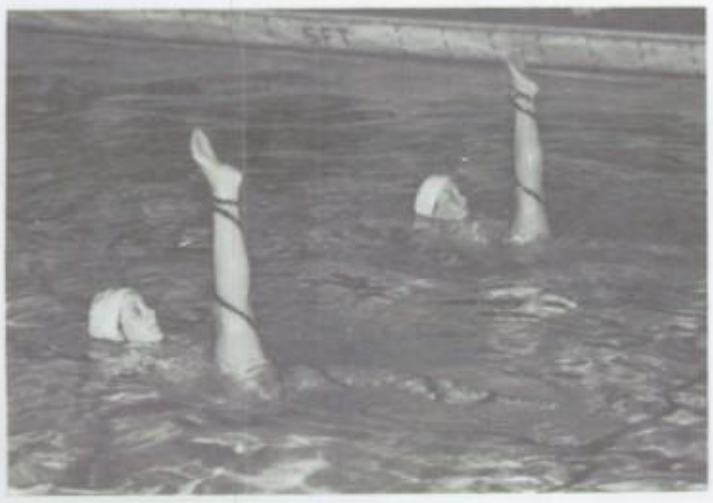
"Yah! Karen!"

"We interupt this program for a Bicentennial Minute."

Frosh Devils.

Now for a bite after the show.

"HA-AY; it's the Sailors'"



"1, 2, 3, 4, 5, 6, 7, 8..."

Devils on the town.

"Where are my flowers?"

"Go Bandits!"

THE TEAM

Administration in the round

One of the main influences on any high school has to be its Administration, and at Notre Dame this is especially true. This year the school witnessed a change in the structure of the head decision-making body from a "pyramid" with one leader at the top to a team of five hard-working individuals who share the responsiblity of running the school. This form of Administration provides a variety of insights and a representation of diverse ways of thinking within the school.

SCIENCE

As the study of rational thinking and problem solving, science gears the individual toward humane co-existence in a mechanized society. Through the traditional course offerings and some of the new additional sciences, such as Ecology, Botony, and Earth Science, students can further examine the fundamental responsibility of science in our society.

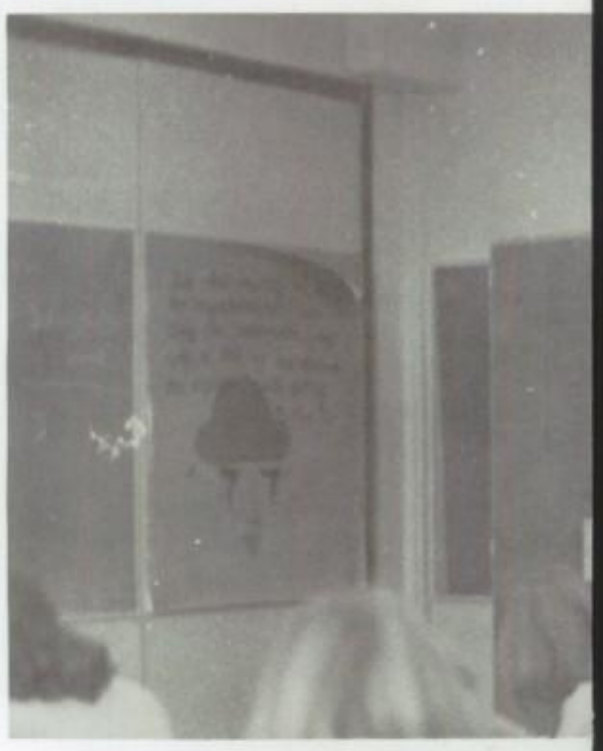
"Debby, are you there Debby?"

MATH



Trying to establish an atmosphere in which a student can succeed, this department offers each individual the opportunity to expand her knowledge of math through classroom work and by meeting with her teacher at different times for a more presonal approach to learning. Out of classroom activities include tutoring at schools around us, tutoring within our own school, and learning about banking procedures. With this the student is prepared for careers and is more advanced in managing her daily life.

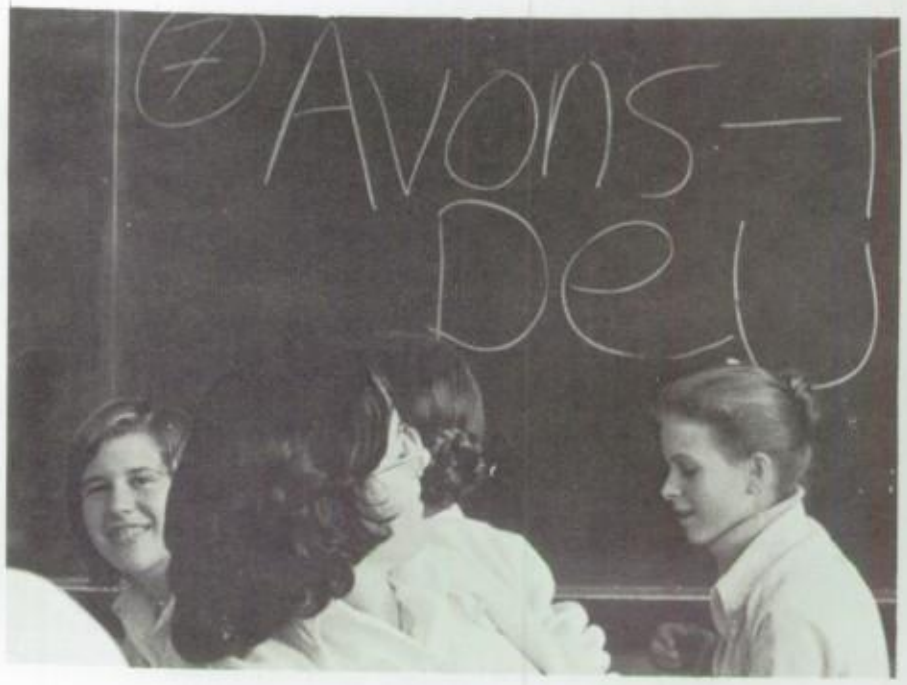
LANGUAGE



The ability to communicate ideas unites individuals to work together for common purposes. One can add the richness of other cultures to their own by breaking down the barrier of speech. Languages promote awareness and understanding of other cultures and people. Languages are experienced by speaking, through filmstrips, plays, tapes, dining out, concerts, a European study tour and classes at the College of Notre Dame. This approach provides a better understanding of our world and its events.

ENGLISH

"You, you're the one, you are the only reason..." This song not only describes McDonald's but also the largest department at Notre Dame - the English Department. By helping students to develop their communication skills and presenting new ideas for their consideration in the form of novels, plays, movies, and guest speakers, the English department attempts to aid individuals in dealing with the future. As a new aspect in the contribution of ideas, teachers and students have been attending lectures at Stanford University. Also, by adding interdepartmental courses to the curriculum, the department strives to serve the needs of the students as well as endeavoring to fulfill the needs of the other departments. "You deserve a break today..."

SOCIAL STUDIES

The key of the past opens the door to the future by allowing the students to become involved in the historical events which have already occurred as well as in those events which will shape our lives. Social Studies cultivates students' appreciation of different cultures and societies, examination of them, acceptance of what others have to offer, and understanding of their systems of government. Teachers bring the class to life by sharing their experiences, encouraging community involvement and through the use of speaker, field trips, and movies which will broaden the interest of the student and enable them to deal with life and the future.

RELIGION

Religion here challenges personal involvement, growth, and awareness within a Christian community. This department has set up many new classes, offering new options for each individual in decision making. In addition to ordinary classroom work there are special activities: retreat experiences, liturgies, and charity funds. Each of these intend to bring us closer to one another. A relaxed interaction between the student and teacher is encouraged by the calm atmosphere.

PHYSICAL EDUCATION

Sports play a vital and enthusiastic part in school spirit. The primary role of physical education is to introduce different sports to the individual and to acquaint her with the open environment of physical development. Swimming, gymnastics, and tennis involve individual performance; basketball, softball, and volleyball provide the experiences of team interaction. The department's main aim is toward student participation and the balance of both physical and mental growth.

SUPPORT PEOPLE

We usually forget that nothing would work around here without these people. It's usually time and experience that let you know who has all the keys so that you can get into the building to work on aquacades late one night, or who can tell you how to operate one of the ovens for your class's pizza luncheon, or who could come to your aid when you lock your keys in your car while it's still running. All this and more, these people get the grades out, keep the pool somewhat free of algae, cook, schedule and just give us some plain old support and help when we need it.

Saying goodbye is a hard thing to do. But that is what the Senior Class of '76 faces - saying goodbye to four years of homework, studying, bomb scares, learning the rules, rowdiness, class pranks and activities, lectures from the dean, streakers, cruisers from Serra, big and little sisters, finals, and vacations. Climaxing their four years at N.D., the Rebels received the Spirit Award at Aquacades, the first Senior class in Notre Dame history to do so.

Patrons

Patrons provide a foundation of existence for our yearbook. Proceeds furnished a hard cover and much needed camera equipment. If not for the generous people who became patrons of Notre Dame's yearbook, this year's hard-cover TORCH would be nonexistent.

The staff

We did it! It was a lot of hard work and it took a lot of patience but we did it. Our staff consists of three important parts: Copy (the "written word"); Photography (take the pictures, develop the pictures, print, enlarge . . . the pictures); Layout (putting the pictures into the book and onto the pages in some semblance of order - "2 picas, heading, bleeds, cropping, cutout, deadline, gutter, margin, montage . . ."). The product: One "camera ready" yearbook finished on June 3, 1976. The students of the Yearbook Staff would like to give special thanks to Miss Blake, without whom this book would not be possible.

STAFF: Diane Dreon, Bernie Hargreaves, Linda Modeste, Stacey Sullivan, Paula Aiello, Susan Craft, Meg Molumphy, Vicky Porter, Deise Cortopassi, Liesel Pouliot, Vicky Kurtz, Marietta Slaymaker, Allison Jackson, Joan Grenfell, Maureen Rochford, Deane Bisagno, Karen Mengel, Denise Usher, Mary Harrison, Kirsten McKay and Colleen Moran.
ADVISOR: Miss Debby Blake
Thanks to AMR for help with the art work.

People are at once much the same,
yet altogether different.
